

Errata for *Semidefinite Relaxations of Equivalent Optimal Power Flow Problems: An Illustrative Example*

This list describes the corrections made to the paper *Semidefinite Relaxations of Equivalent Optimal Power Flow Problems: An Illustrative Example* [A] after its initial publication.

1. **Error in the equation (7) for recovering the globally optimal voltage phasors.**

Corrected August 8, 2015

The variable λ in (7) should instead be $\sqrt{\lambda}$.
